

SMEER seminars spring 2017

2017-02-23 13.30-15.00

Textseminar: Misslyckad implementering av lärande för hållbar utveckling i skolans organisation – skolans ledare söker mandat

Lic stud Anna Mogren

Room: 1D 327

2017-03-02 13.30-15.00

Textseminar: The structure of genetics teaching in four Swedish secondary classrooms - support for students to learn the language of genetics?

PhD stud Karin Thörne

Room: 3A 340

2017-03-17 13.00-15.00

90% seminar: Upper secondary students' communication during laboratory work in physics

PhD stud Jan Andersson

Reader: Post doc Jesper Haglund; Department of Physics and Astronomy, Physics Education; Uppsala University

Room: 1D 327

2017-03-21 13.00-15.00

ROSE-seminar: Kunskapskulturer och undervisningspraktiker

Professor Ingrid Carlgren; Department of Education; Stockholm University

Room: 3C 426

2017-03-23 13.30-15.00

90% seminar: Teaching chemical bonding models - The aspects of textbooks and teachers' pedagogical content knowledge

PhD stud Anna Bergqvist

External reader: Senior lecturer Anna Vikström; Department of Arts, Communication and Education; Luleå University of Technology

Room: 3A 340

2017-03-30 09.00-16.00

The research group ROSE presents its research

Room: 1B 309

2017-05-08 13.00-15.00

ROSE-seminar: Lärarutbildares naturvetenskap under lupp - en studie av gränlandet mellan ämnesdiscipliner och skolämnen

Senior lecturer Kristina Andersson, Department of Education, Uppsala University

Room: 3D 512

2017-05-18 13.30-15.00

Text seminar: Pilot study - Randomly assigned student in physics field beliefs about physics and learning physics.

Lic stud Yohanes Wolde-Senbet

Room: 1D 327

2017-06-08 13.30-15.00

50% seminar: Elementary teachers' perceptions on orchestrating education for mathematically highly able pupils in diverse classroom

PhD stud Elisabet Mellroth

External reader: Associate Professor Maria Simonsson, Department of Social and Welfare Studies, Linköping University

Room: 3A 340

2017-06-13 09.15-11.15

Seminar: Klimat och väder - naturvetenskap möter samhällskunskap

Professor Ann-Marie Pendrill, Lund University

Room: 21A 259 (Risklab)

2017-06-13 15.00 -

Disputation: Learning physics through communication during laboratory work

PhD stud Jan Andersson

Opponent: Professor Carl Angell, Oslo University

Room: 21A 342 (Eva Erikssonsalen)

2017-06-16 10.15 -

Disputation: Teaching and learning of chemical bonding models

PhD stud Anna Bergqvist

Opponent: Prof Ingo Eilks, Universität Bremen, Germany

Room: 9C 204 (Rejmersalen)
