[www.kau.se/akademiskhogtid](http://www.kau.se/akademiskhogtid)

Send the form to our supplier Sporrang AB. Please note that your ring measurement needs to be included in the order. Consult your local goldsmith. The ring will be delivered to your home address, COD. Your name and date of conferral are engraved in the ring, i.e. 2019-10-11.

**Place your ring order by 2 September.**

### LAUREL WREATH

During the ceremony, laurel wreaths are conferred on new doctors, since most of our doctors are doctors of philosophy.

We need your head size measurement to order an appropriate wreath. If you use a measuring tape, place the lower edge of the tape at the upper edge of your eyebrows and measure horizontally round the head.

Laurel wreaths are ordered and measurements provided when you register for the Academic Celebration. The link will be activated once the official invitations have been sent out in June.

### DOCTOR'S HAT

New doctors at Karlstad University can order a doctor's hat via our supplier "Hattmakarna" in Gothenburg.

The price for a hat is approximately SEK5500, including VAT, postage and the mark of the hat. The University pays for the mark.

Visit [www.hattmakarna.se](http://www.hattmakarna.se) and select "Karlstad" under hattar, doktorshatt for more information.

Professional measurements can be taken at the companies that the hat supplier refers to on its website. *If you are unable to get professional measurements taken, please contact the hat supplier for further instructions.*

**Place your hat order by 2 August.**

### IMPORTANT INFORMATION

The new doctor's hat should not be worn until after the ceremony, during the procession out of the Aula Magna. Place your hat box under your seat during the ceremony. Buying a doctor's hat is voluntary.
