MONTHLY NEWS & UPDATES February

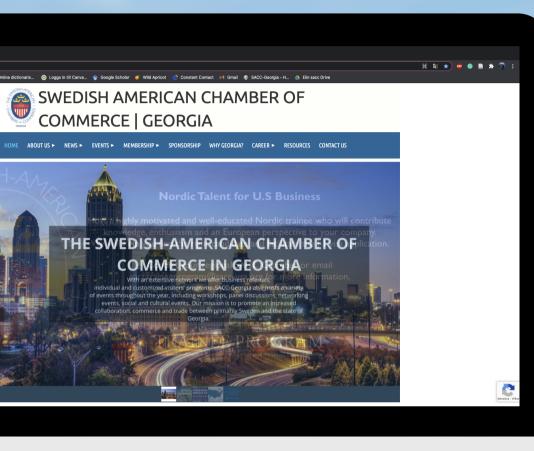

Greetings,

Each year our regional chambers host highly motivated trainees from some of the top universities in Sweden. This Spring we are interviewing several of our past SACC GA trainees to see what they have been up to since their traineeship. It has been no surprise to us to hear that they are now thriving in their careers. Scroll down further in our newsletter to read more about Sara Von Sydow, Ashkan Eghtesadi-Azar and Carl Dunger. And look out for more interesting trainee success stories on Mondays on our social media.

The SACC-USA Trainee Program is vital to SACC-USA's mission of facilitating trade, commerce and investment between Sweden and the U.S. As a SACC member, your company can utilize the Trainee Program as a tool in developing your international business activities.
