

Information to you who want to submit an abstract

Conference on teaching and examination 2021

Theme: Redefining Learning Spaces

Submission of abstract

You can submit abstract until May 31 2021. Notification of accepted abstract (or request for revision) will be given no later than June 20. The final abstract (200 words) must be submitted no later than August 20. All contributions will be documented in an abstract catalogue available at the conference.

Selection criteria for abstract

1. Must relate to conference theme or to other development work in higher education pedagogy.
2. Describe a practice-related change or development project within teaching and examination in your subject, carried out individually or in cooperation with colleagues.

Forms for presentation

You can choose between three different forms for abstract presentation:

- **Paper presentation**
Oral presentation and time to response to questions (20 min).
- **Poster presentation**
Gives you access to a poster display outside the conference room (20 min). You can also choose to record a short presentation (5-15 min). Poster presentation must be staffed.
- **Demonstration**
If you have been working with digital or other educational tools, you can demonstrate these outside the conference room (20 min). You get access to a table with chairs. The demonstration must be staffed.
